Encompass Program
Managed IT Support

A Full IT Department at a Fraction of the Cost

Encompass

Optimize your business technology, eliminate costly disruptions, increase efficiencies, and unlock the expertise of a full IT department at a fraction of the cost.

Our fixed-cost, scheduled approach to IT management optimizes your budget, swiftly addresses issues to minimize downtime, and scales with your business, accommodating growth and enhancing service levels as needed.

Choose Encompass for reliable, efficient, and cost-effective managed IT support services that help your business thrive.

Pie chart labels: OUT OF PLAN, PROJECTS, EMERGENCIES, ACCOUNT MANAGEMENT, IT LEADERSHIP AND ADVISORY, 24 x 7 MONITORING, UNLIMITED HELP DESK, ONSITE SCHEDULED MAINTENANCE VISITS

Legend:
- Fixed IT spending
- Approved and accounted for variable spending
- Minimize all unplanned IT spending

What's Included

Scheduled Maintenance Visits

Ensure seamless, affordable, and timely upgrades and renewals.

Unlimited Help Desk

Enhance your business with the expertise of a full IT department help desk to keep your team moving forward.

24x7 Monitoring

Proactive analysis identifies potential issues early, helping you plan and act to ensure your business continues smoothly.

IT Leadership and Advisory Services

Navigate the tide of current and emerging technologies to determine which ones are right for your business, today and tomorrow.

Account Management

Dedicated consulting engineers well-acquainted with your infrastructure, guarantee consistent service, continuity, and comprehensive coverage.
